

Product Installation Instructions

Part Number: 69912B-3K-DB

CAUTION: TURN OFF ALL POWER AT THE SOURCE TO AVOID INJURY

Installation Instructions:

1. Remove existing 912 or 921 bulb
2. Insert LED replacement bulb into socket, making sure to push securely into socket.
3. Remove protective sleeve from bulb
4. Turn on power to test *

*LEDs are polarity sensitive. If it doesn't light as first installed, turn the bulb so the pins are in the opposite sides of the socket and test again.

Wattage	Voltage	Amp Draw
1.5 Watt	10-14 Volt	0.129 Amp
