

VersiControl™ Simplified RGB/RGBW Controller

Features

- RGBW/RGB controller technology that enables customers to implement RGBW/RGB lighting on more value oriented models
- Controls all of your favorite ITC VersiColor RGB/RGBW lighting products
- Single zone controller with basic color control functionality
- Small form factor, eliminates the need for special wire harnessing
- Control via a SPST toggle switch or a SPDT momentary rocker switch.
- IP67 rated

Product Details

Housing Material	Black PVC
Dimensions	3.11"L x 1"W x 1"D
Voltage	10 - 28V DC
Current	10A max
Operating Temp	-40°F - +150°F (-40°C - +70°C)
Wire Gauge	18 AWG
IP Rating	IP67

*Use with VersiColor lighting products

Part #: 22805-RGBW-00
